

BUFFALO NIAGARA INTERNATIONAL AIRPORT
INCENTIVE PROGRAM

The Authority’s Air Service Development Program (Program) for Buffalo Niagara International Airport (BNIA) has dedicated staff and resources to create public and industry awareness of BNIA and its facilities. The Program is designed to increase air travel and promote competition at BNIA. The Program provides for the overall marketing of BNIA, targeting specific destinations, participation in travel and trade shows, conducting advertising campaigns and promotions, and engaging in direct sales meetings with travel agents/tour operators.

The Authority recognizes the value of new domestic and international air service at BNIA. The goal of the Authority Incentive Program is to attract new service to increase travel to and from BNIA and promote competition at BNIA. The Authority recognizes that efforts to attract new service and the success of new service may be dependent on whether or not the airport offers an Incentive Program. The Authority developed an Incentive Program that is an important piece of the Authority’s Air Service Development Program. The Incentive Program will offer incentives for new entrant service and service to defined non-stop destinations not currently served at BNIA. The following air carrier Incentive Program has been developed based on the goals and objectives of the Program. The Authority will review the Incentive Program annually and reserves the right to amend, supplement or cancel the Incentive Program. The costs associated with the BNIA Incentive Program will not be included in the airline rates and charges.

An air carrier/operator is required to match the Authority's advertising incentive on an equal basis.
