I. PROCEDURE

All outgoing U.S. mail for the Niagara Frontier Transportation Authority and the Niagara Frontier Transit Metro System, Inc. (collectively referred to as "NFTA" or "Authority") must be delivered to the Central Files Mail Room by 3:00 p.m. each business day in order to be processed for mailing on that date.

In order to properly allocate postage charges, the originating department must identify the chargeable department by penciling the charge code in the upper right corner of the mail. Grant related projects must also be identified in the same manner. Failure to identify the chargeable department may result in processing delays.
